I come from a family that has been serving the Effia community and the western region as whole. My father was the first NDC chairman from 1992 till he was enskined as the traditional chief of the Dagomba community of Effia till date. My mother saved as a PTA lead executive in all the basic schools I attended. My senior brother is the current regional youth organizer of the NDC western region. They all have good track records on their roles. A record that I believe when given the opportunity to serve you as your next member of parliament, that I will protect and raise as well.

Thank you for believing in me.

A vote for Majeed is a vote for a more dedicated, loyal, accessible and committed leadership that will promote the development of our community and its people.
